PHOTOGRAPHER CHASED BY A GRIZZLY BEAR

Winnipeg Man Tries to Photograph Bruin in the Open
and has an Exciting Race

Redwood, S.D., Jan. 18.—Geo. A. Barrowclough, a photographer of Winnipeg, came near losing his life here today. He was trying to photograph a grizzly bear which had appeared on the mountain outside the town. When the bear made for him and he had to run for his life. He fell over a cliff, and was otherwise injured but not fatally.

WORTHLESS GEMS.

A case which has been occupying the attention of Magistrate C. H. S. Wade in the police court the last day or two is that of George Franklin, a resident of Edmonton, charged with fraud. Franklin's wife is proprietress of a boarding house on Fifth street. The charge was laid by A. Williamson Taylor, of the firm of Weeks & Taylor. Mr. Taylor and his sister, who were boarders at the house, some time ago moved away. Franklin and his wife wished to purchase their piano from them which was valued at \$325 and in payment offered them two diamond earrings, which he valued at \$500. Taylor gave Franklin a cheque for the difference, \$175. The jewels were examined by S. Nankin, without testing them, and he gave it as his opinion that they were worth between \$500 and \$600. Mr. Nankin later became suspicious at the superfluous amount of jewelry which was worn by Franklin and

his wife, and asked to have the earrings brought back to him. He then tested them and found them worthless. Taylor took the jewels back to Franklin, and told him they were not diamonds, and Franklin promised to talk the matter over, but never did so, and Taylor laid a complaint against him. The case came up again this morning, and was adjourned till four this afternoon.

SEED SPECIAL ARRIVES TOMORROW

Lacombe, Jan. 18.—Since leaving Lethbridge, standing room only, and crowded cars have greeted the seed special North of Calgary today, it has been necessary to hold extra lectures to accommodate the farmers who beseege the train for instruction and evince the keenest interest.

The seed selection special will arrive in Edmonton tomorrow afternoon at 2 o'clock at the C.N.R. station on First street, and will leave again at three sharp. All wishing to take advantage of the lecture should be at the station on time. The train arrives in Strathcona at 11:45 and leaves at 12:45. There is a splendid staff of lecturers accompanying this special and the lectures have been largely attended.

—Raymond despatches says.—The largest attendance at the seed special to date has been to-day's session in the Lethbridge district. Cardston turned out two hundred and fifty. Standing room was at a premium at Lethbridge. At Raymond both cars were crowded, while an overflow meeting crowded the station. The improvement for pure seed and clean farms is receiving strong endorsement at all points.

PRESIDENT HILL ON TRADE MATTERS

Foresees the Time When Canadian Wheat will Supply the Market

St. Paul, Jan. 18.—In a speech before the Commercial Club, Jas. J. Hill, president of the Great Northern, made some pungent observations regarding commercial conditions:

"The American nation at large," he said, "is prosperous. If we get down, however, to close examination we will readily see that the nation is living profligately. We are selling out our natural resources, exploiting them as fast as we can without building up industries and trade relations to take their place when exhausted. When this nation has 150,000,000 people they will have to do something else than exploit natural resources to earn a living. We will eventually have to meet the commercial competition of England in meeting today, and will have to face such problems as she is now facing, with 1,500,000 unemployed crying for bread, with no bread to feed them on save as charity does it out to them."

He specially urged better trade relations with Canada. He said: "We must have better trade relations with Canada. England formerly bought three-fourths of our export. In a few years she will get so much wheat from the Canadian Northwest that she will need none of ours."

SCHOOL BOARD MEET.

An adjourned meeting of the Edmonton public school board was held in the secretary's office on Tuesday evening. There were present Chairman A. Taylor, H. C. Taylor, A. B. May, Rev. H. A. Gray, and Dr. Kerris. The most important matter for consideration was the revision of the schedule of teachers' salaries. It was thought necessary to have a revision as the teachers often threw up their work for greater inducements. The trustees went into a committee of the whole to discuss the matter and adopted the following schedule:

High school, principal, increasing \$100 per year until \$1600 is reached. Assistants, males, increasing \$100 per year until \$1400 is reached. Assistants, females, increasing \$75 until \$1200 is reached. Public school, principal increasing per year until \$1400 is reached. Assistants, increasing \$100 until \$900 is reached.

Teachers with at least two years experience, 1st year \$600, increasing \$25 per year for first three years, and thereafter \$15, until \$760 is reached. The secretary requested that his salary be raised and on motion it was made \$50 per month. A by-law to borrow \$8000 from the Imperial Bank was passed. Moved by Messrs. Gray and May that the regular meetings of the board be held on the second Tuesday in each month in McKay Avenue school at eight o'clock. Carried. The caretaker of McKay Avenue school asked for a room in the basement of the school to live in. The request was referred to the management committee. The building committee were instructed to look up building sites and report at next meeting.

—W. E. Gibson, city market clerk, is having a sale of his household effects to-day, and will leave in a day or so with his family on a three months trip to California. C. E. Cope will have charge of the weigh scales during his absence.

IMMIGRATION SHOWS A GOOD INCREASE

Britishers Led the Way Last Year in Settlement of Canada

Ottawa, Jan. 17.—For the year ending December 31 last, there was an increase in immigration of 10,385 as compared with the previous year. The arrivals for the year 1905 were: British, 64,863; Continental, 35,331; and the United States, 44,424, making a total of 144,618, as compared with 134,233 for 1904.

CENSUS IN JUNE.

Ottawa, Jan. 17.—Commissioner Blue has his arrangements perfected for taking the census in Alberta and Saskatchewan next June.

ANNUAL CHURCH MEETING

The annual meeting of the congregation of the First Presbyterian church was held last evening and there was a large attendance. Reports from the various societies of the church were presented. The report of the session showed that 35 members had been added to the roll by certificate and 18 by profession of faith. One member had been removed by death and 26 by certificate. There was a net increase for the year of 26, and a total on the roll of 372. The treasurer's statement showed a balance on hand of \$1,583.99 which was subject to a payment to the Canada Permanent mortgage corporation of \$891, and a sum of \$222.40 for schemes of the church and a further sum that the managers have decided to pay in order to reduce the liability on church property. The retiring managers were Messrs. T. M. Turnbull, A. E. May, George J. Kinnaird and K. W. McKenzie, who were re-elected. The retiring trustees were Messrs. J. A. McDougall, D. R. Fraser and Geo. J. Kinnaird who were re-elected. P. E. Engel was appointed auditor. Messrs. A. West G. Thompson, J. A. McKinnon and J. McEduards were appointed ushers. The reports of the Ladies Aid Sunday school Women's Missionary society were very satisfactory, and gave evidence that the work in the departments was progressing.

—The management of the hockey club have issued personal invitations to those who are authorized to occupy the rink during the hockey match tonight, and only those who hold invitations will be expected to be present in the gallery. The management regret that the gallery is not large enough for everybody, but it is intended only for the use of the members, officials and patrons of the hockey team, and representatives of the press, and any others that may hold invitations.

—A most delightful at home was given by the Ladies Aid of Queen's avenue Presbyterian church yesterday afternoon in the church. A good many of the ladies were present and a very enjoyable time spent by all.

NEW PRESIDENT WAS ELECTED

French National Assembly Yesterday Chose M. Fallieres President

Paris, Jan. 18.—M. Fallieres was elected president of France on the first ballot. The revised figures are as follows: M. Fallieres, 449; M. Doumer, 371.

The National Assembly met at one o'clock this afternoon in the Congress Hall of the Royal Palace at Versailles, for the election of President of the Republic. The Assembly consists nominally of 591 deputies and 300 senators, but owing to deaths, illness and the passing of some of the deputies to the Senate leaving their seats vacant, the number present was decreased to about 860, making 430 votes necessary to elect a new president.

"SATURDAY NIGHT" SOLD.

Toronto, Jan. 18.—"Saturday Night" will change hands this week. E. E. Sheppard is selling out to H. Gagnier, the well known trade journal publisher. Associated with him will be Jos. T. Clark, formerly of the editorial staff of the Toronto Star, who will succeed Sheppard in the editorship. The price paid is said to be \$50,000. Sheppard retires from journalism, and will leave for British Columbia.

R. P. ENGLIS OPENS OFFICE.

R. P. Englis has taken the office in the Heintz block formerly occupied by Mr. Thibodeau, and will make his headquarters there, both for the real estate and for the street railway business. The Credit Foncier Co. which Mr. Thibodeau represents, will move their offices to their new building at the corner of Jasper and third.

LIBERALS NOW HAVE A CLEAR MAJORITY

Hon. Joseph Chamberlain Returned by Large Majority—Unionists Swept Birmingham—Conan Doyle Defeated

London, Jan. 18.—The standing of the parties now is: Liberals 167, Unionists 73, Nationalists 50, and Labor 21.

The great feature of yesterday's election was the triumphant return of Hon. Joseph Chamberlain by 5,000 majority, and the sweep made by the Unionists in Birmingham.

Sir Arthur Conan Doyle went down to defeat.

"We have killed protection. This is the beginning of such a political upheaval as has not been seen in England since the days of the Great Reform Bill."

Thus spoke Winston Churchill and his opinion that free trade has gained a victory is the opinion of Unionist newspapers, though many of them explain the result of Saturday's election as due more to other questions. Nor is there any suggestion of doing anything but beating an orderly retreat.

The Unionist Graphis says: It cannot be doubted that the country was not prepared for such a revolution in its fiscal policy.

The Standard, in an editorial, thinks that fear of American reprisals in the event of fiscal reform influenced the Manchester voters.

The Daily Telegraph says: "The combined force of Radicals, socialism and secularism wrought

a blacy day for the Unionists." The Liberal organization are jubilant. The Daily Chronicle says: "It is a result without a parallel, and will fill every free trader with thankfulness."

The Daily News heralds Winston Churchill as "the rising hope of the Liberal party." Mr. Balfour though evidently disappointed at the loss of his seat in Manchester, displayed calmness when he spoke on Saturday night. Already he has had several safe seats offered him, but as yet has made no decision. Joseph Chamberlain has thus far declined to comment on the result.

ARRANGEMENTS FOR THE FUNERAL.

Montreal, Jan. 18.—After completing arrangements for the funeral of the late Raymond Profontaine, Colonel Gourdeau left for Halifax to prepare to receive the body there on Jan. 22nd. The body will be accompanied to Montreal by a guard of honor from the Canadian cruiser Canada and is expected to reach Montreal on Jan. 24th, where it will repose in state at the city hall till the funeral next day. Archbishop Bruchesi will officiate at St. James' Cathedral. Gourdeau expects to make complete arrangements by wireless communication with the battleship Dominion.

CALGARY WON AT RED DEER

Red Deer, Jan. 16.—In one of the fastest games ever witnessed on the Red Deer Ice Calgary defeated Red Deer last night by a score of four to three.

The match did not commence till nearly an hour past scheduled time but when it did it was interesting right away. The Calgary left wing scored the first goal in about eight minutes.

Red Deer then seemed to wake up, and with some pretty combination work in which Scott, McCutcheon and Smith figured, succeeded in finding the net twice in quick succession. A few minutes' heavy play ensued when Beckett was struck over the eye with a stick and had to be carried off. The game was delayed about twenty minutes till a substitute could be secured and soon after resuming play Calgary found the net, tying the score, only to be broken in the next two minutes by Smith shooting a goal for Red Deer. The play was up and down for the rest of the half. The score remaining Red Deer 3; Calgary 2.

The second half was even faster than the first. There was ten minutes' quick work and if the goal keepers had not known their business the score would have been considerably higher. One of the Calgary boys hurt an eye and had to quit and Handford was retired to even up. In the next four minutes there was a face-off near the Red Deer goal and a lucky shot tied the score. With eleven minutes to play one of the Calgary men had a skate broken and still another delay followed. It seemed to take Red Deer ten minutes to warm up after each delay and Calgary scored in three minutes. The puck was at the Calgary end for the rest of the game and the game ended Calgary 4; Red Deer 3. Gummy Watson between the flags was a star and the combination work was a great improvement on former games.

W. Paterson, not W. Postill, has bought the business of Postill & Paterson, as was stated in Saturday's Bulletin.

Pharaoh Cigar.

As soon as it arrives at my factory I place it in humidors built for the purpose. The tobacco is kept here for from two to three years at a temperature and humidity which as nearly as possible correspond with the climatic conditions of the Island of Cuba.

This treatment thoroughly matures the leaf, removes the injurious "gum," and develops the rich flavor of the tobacco.

This is one reason why my Pharaoh cigar has so delightful an aroma, and leaves a pleasant taste in the mouth.

I carefully watch every step taken in the production of my Pharaoh cigar so I secure a steady, even combustion and a cool, sweet smoke.

LOCAL IMPROVEMENT TAXES

The Bulletin is in receipt of the following inquiry from a settler at Onoway, which may prove of interest to others similarly situated:

Editor Edmonton Bulletin:

Dear Sir,—Myself and many of the Bulletin readers, believing that you can furnish us with reliable information in regard to the \$2 yearly tax which seems to have been assessed by the government for local improvement of roads, desire that you will, in the columns of the Bulletin, inform us concerning the legality of this tax.

Scarcely any of us have titles (patents) for the land upon which we live, but all are receiving "duns" for taxes for years 1903, 1904 and 1905, and in several cases (my own being one) have been informed that proceedings will be taken which will result in the forfeiture of our homes, unless the tax in question is paid.

However, while in fact these homes are not positively ours, we have used every effort, endured hardships, and deprived ourselves of former comforts to make them approach something akin to the semblance of home, continually looking forward to the period when we could indeed and truthfully call them our own, and being called upon for taxes (other than those voted by ourselves) before that time was reached, was quite unexpected to many of us.

The question then arises, can these lands, for which we have not a title, be declared forfeit? In other words, can an individual forfeit a thing not in his possession? Should this be the correct view—that these questions be answered in the affirmative, then we kindly ask that an extension of time, if it is possible, may be granted; for many of the neighbors are ill prepared at the present to meet any financial demands, however trivial they may appear to those in authority.

Thanking you in advance for cheerful publication, I remain truly yours,
ELIAS KOST.

Onoway, Alta., Jan. 15, 1906.

From the letter it is assumed that the correspondent is a home steader, and the chief ground of complaint appears to be that as settlement was made before the patent was secured. The regulations of the Department of Public Works provide that land shall be assessable from the date on which entry is made by the homesteader.

As the assessment was made by the Government the district in which the land is situated is apparently a large local improvement district, in which case the following clauses of the Local Improvement Ordinance apply:

71. The assessment of land as hereinafter provided in a large district now or hereinafter organized and constituted under the provisions of this or any previous Ordinance shall be made in the local improvement branch; and all notices of such assessment shall be issued from that branch. 1901, c. 27, s. 53.

72. In large districts the rate of assessment shall be one and one-quarter cents per acre:

Provided that in any large district if the commissioner is satisfied that the said rate of assessment would raise a sum greater than would be necessary to effect the improvements required in such district the rate of assessment may be reduced to such less amount per acre as the commissioner may determine:

Provided further that any person whose assessment would be less than fifty cents shall be assessed fifty cents. 1901, c. 27, s. 54.

77. The taxes accruing upon or in respect of any land in a large district shall be paid in cash and shall be a special lien upon such land having priority over any claim, lien, privilege or encumbrance thereon. 1901, c. 27, s. 59.

Any further information required may be secured by communicating with the Department of Public Works, Edmonton.

MR. INGLIS AND HIS REPRESENTATIONS

Mr. Inglis outlined the claims of the Edmonton Street Railway Company to the city council of Tuesday evening. Briefly, the claims were about as anticipated and covered everything in sight except the \$10,000 forfeit money. Whatever adverse criticism may be coming to them the company and their representative are not to be castigated for overwhelming modesty. Relying on the principle that to ask is to receive, the representative of the company laid claim to the unquestioned ownership of the charter, and announced the intention of the company to begin construction of the street railway system forthwith, assured the council that all they desired was the peaceable enjoyment of the privilege of doing as they pleased with the street railway problem for the next twenty-nine years, and warned the aldermen that interference with their operations meant a law-suit.

The city council does not appear to have been overawed, however, cast into the blues by the magnitude of these pretensions. On the contrary the aldermen appear to have been in an exceptionally amiable frame of mind and to have derived considerable quiet pleasure from the gentleman and his remarks. To suggest that the council grew jocular might be a reflection on the dignity of that honorable body, but a spirit very akin to amusement seems to have pervaded their usually serious deliberations. The pleasantries, however, was the expression of confidence in the soundness of their position, no sign of indifference in this vitally important matter. Certain like of the justness of their cause and of the security of the position they had taken in the defence of the city's rights, the aldermen were disposed to regard the representations of the company as at least somewhat overdrawn.

The weakness in Mr. Inglis' case appears to have been touched when Alderman Boyd suggested that if the assurance of the company were as great as represented, it was superfluous for Mr. Inglis to appear before the council to ask for nothing at all. The necessity of informing the council that the company proposed doing what the company claims it has a right to do, was not made exactly clear, nor was any light thrown on the matter by the spokesman himself when opportunity was given him. The claim that the oration was made solely in the interests of peaceably corresponds with the character and contents of the effort. Nor does the fact that it was considered necessary to apprise the council of the intentions of the company bespeak the absolute certainty of the company of the equality of these intentions.

Another point which was not cleared up was the difference made by the company between the penalty clauses of the agreement. The company, it appears, admits to having forfeited the \$10,000, but denies having forfeited the charter. On what ground his distinction is made we are not informed. The clause providing for the reversion of the charter immediately follows that providing for the forfeiture of the ash; and with no literal evidence that they refer to different entities. A reasonable conclusion here, therefore, appears to be that a violation of agreement involving the forfeiture of the money involves also the reversion of the charter. Unless other good ground for the position of the company be shown, it will be quite proper to assume that the sacrifice of the deposit is admitted in the hope that it may detract attention or mollify opposition to the attempt to retain the charter.

The company should be permitted to labor under no such delusion. The city should claim both the reversion of the charter and the forfeiture of the deposit, on the ground of failure to fulfil the agreement.

It may be in order to direct attention to a mathematical calculation presented to the council. The aldermen were informed that the company had purchased the rails and rolling stock for the road, and that the company had put \$35,000 into the enterprise. Ten thousand dollars have been paid into the city treasury as forfeit money, leaving \$25,000 alleged to have been expended in rails and equipment. That the city council should be asked to suppose that the rails and rolling stock or a street railway system for the city could be procured for \$25,000 is quite in keeping with the re-

quest that the council should admit the company's unquestioned right to the street railway charter.

ELECTRIC RAILWAY FOR LACOMBE

Lacombe, Jan. 16.—A joint meeting of the town council and the board of trade was held in the town hall on the 8th inst. for the purpose of receiving from the Blindman River Electric Power Co., a proposition for the electric lighting of the town. Messrs. Wilkins and Farncombe were present in behalf of the company, and they laid before the meeting their proposition. The question was discussed at considerable length, and the representatives of the company were requested to make the proposition in writing and the matter will come up for further discussion at the council meeting tonight.

If the Blindman River Electric Power Co. has sufficient power for its operation, a number of capitalists have about decided to construct an electric line from Lacombe west to Bentley. This line would not only tap one of the most extensive and fertile valleys in Alberta, but would also pass along the shores of the famous Gull Lake watering place.

The C. P. R. authorities are evidently determined that the Lacombe branch shall be operated from Lacombe, which means the installation of a round house and yard here. The Bulletin representative has been informed that a number of their engineers were here a few days ago investigating the water question. The town authorities will gladly co-operate with the railway officials in this matter.

Although generally understood it has not yet been publicly announced that postmaster Burris will erect a brick post office during the coming summer. The question of a site is now the only barrier.

Something over a year ago Mrs. Wm. Wm. Burris opened a subscription in a small way for the erection of a cottage hospital for Lacombe. Every week it continued to grow and it now exceeds \$100. Your representative is informed that Mr. Edward Barnett the original owner, will donate a suitable site, and there is every prospect of Lacombe having a neat little cottage hospital free of debt in the near future.

FANCY DRESS CARNIVAL

The first fancy dress carnival of this season was held at the Thistle rink last night and proved to be a most successful affair. In costumes some the original, beautiful and artistic, the youth and beauty of Edmonton enjoyed a most delightful evening on the ice, and furnished amusement and entertainment for crowds of spectators who were present. The prizes held forth by the management of the rink for best costumes were an inducement and encouragement for a great many to put forth their best efforts, and some very handsome and clever costumes were the result. Not a few, too, appeared in fancy dress merely for the sake of being on the ice and enjoying all the fun going. One of the most amusing figures on skates was Pat, the Irishman. He was resplendent in green trousers and waistcoat and tall hat, and his frogy hair and sunny face were truly fresh. Josiah and Samantha Allen were present and furnished amusement for the crowd. The small folk seemed to have a particularly happy time. The costumes of some of the little girls were especially pretty.

The Gold Dust twins were much in evidence, and were admired. There were clown suits, both large and small.

Great interest centered around the judging of costumes. The judges were L. McKenzie, of the James Robertson Co., Winnipeg, H. W. White, of Calgary, and John Trotter, of the American Tobacco Co., Calgary. At eight-thirty these gentlemen took up a position in the centre of the ice, and proceeded to select from the gaily costumed throng that circled around them, six of those who in their judgement were entitled to the prizes they had for distribution, and it was no easy matter. The young ladies were looked after first.

Finally the judges drew from the crowd of skaters, Miss Dorothy Somerville and presented her with the young ladies prize, \$15 in gold. Miss Somerville was attired in a military costume and represented the Daughter of the Empire.

The prize for young ladies under 16 was captured by Miss Gerlie York, who looked exceedingly pretty as a young girl. She received \$10 in gold. This is the second time that Miss York has received the prize for this costume.

Then the girls under 12 came, and little Miss Lillian Grindlay attired as queen of fairland, was selected and presented with a prize of \$5.

When the judges turned their attention to the sterner sex, they found equal difficulty in bestowing the prize.

es. Charles Dunn, who looked very handsome in the attire of a prince, received the red ribbon and a prize of \$15.

Ben Skinner captured the prize for boys under 16, and Adam Kemp, who made quite a smart looking jockey boy was given the prize of \$5 for boys under 12.

After the judging the public were given an opportunity of donning their skates and having an hour's enjoyment. The band never played better, and the music was much appreciated by the skaters, who kept going until after ten. Over 900 people, including skaters, were present.

C. P. R. EMPLOYEES STRIKE

Winnipeg, Jan. 18.—The decision of the C. P. R. to transfer the work of the accounting department from Winnipeg to the head office in Montreal resulted in a strike of employees in both the accounting and stores departments yesterday afternoon when sixty-nine men walked out. Of these, nineteen were from the accounting department and fifty from the stores department.

For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear. It is always easier, cheaper and better to check a cold in the very beginning. It is safer, too.

Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. Once used, my customers will say so."—L. Elder, Nanawauke, Ont.

If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 2c. is the price. All dealers in medicine sell.

PROGRESS AT THE LANDING
Jas. McKernan, Government telegraph agent at Athabasca Landing, arrived in the city last evening. He reports marvellous progress at the Landing. He says that the amount of mail and freight that passes through the Landing enroute to Slave Lake is amazing. At one time seventeen full sacks of mail left the Landing for the lake and it is a common thing to see from 100 to 150 teams loading freight at the Landing previous to starting north. The Government telegraph and post office building has just been completed. The building is of frame, with stone foundation, lathed and plastered throughout, and has all modern accommodation for a post office. The building was constructed under the supervision of Mr. McKernan who bought the lot last summer for \$100. Since he took charge of the post office and telegraph last July, the Government have made this office the distributing point for the north. The new Roman Catholic church is also nearly completed. Father Baudray has charge of the mission. A curling club has been organized, with C. Rulker, formerly of Edmonton, as secretary. A rink has been constructed and was flooded for the first time this week.

Mr. McKernan on his last trip, took up eight pair of curling stones and the curlers of the Landing expect to enjoy themselves for the remainder of the winter. The weather had been very mild up to this week, but there is good ice on the rink now.

BIRCH LAKE ITEMS

Gilpin, Jan. 11.—The municipal election for this district was held on Monday last. There was an exciting contest in Township 50-12 between E. R. Downs and R. Oyster. The latter was elected after a keen contest. R. Davidson would not stand for another term and Mr. Astley was elected in his place. C. Wetmore and Howard Empey were elected again without opposition.

The New Year party that the young people of the district have looked forward to for the last few years as the event of the season, was held at Mr. Pittman's on the town line, when a large gathering of the youth of the settlement, tripped the light fantastic to the strains of the violin until the wee sma' hours.

Councillor Howard Empey entertained a number of his friends and neighbors on New Year's night. After partaking of the sumptuous fare served by Mrs. Empey the company proceeded to enjoy themselves with a right good will. Games, songs, recitations, etc., were heartily engaged in. Every one seemed to have a jolly time.

Leonard Newby, one of our enterprising farmers and ranchers south of Gilpin, has gone on a jaunt to California. He will visit Sacramento, Los Angeles and other points in Southern California, combining business with pleasure. Mr. Craig, a neighbor, has charge of the stock during his absence.

R. V. Gilpin left last week to visit his old home at Gorrie, Huron county, Ont. He intends to spend a few weeks with his friends before returning.

Rev. W. L. Bradley, who is attending Alberta college, Edmonton, came out to the settlement to spend his holidays. His many friends here were pleased to see him looking well.

James Alrin is busy getting out timber to build a barn as soon as spring opens. Settlers are coming in one by one almost every week. Mr. Burgess, from Nova Scotia has taken a homestead two miles south of Gilpin. He has also purchased a half section in T. 50-12. He is getting ready to build on his homestead in the spring.

B. C. Gilpin was a business visitor in Edmonton last week. He was greatly surprised at the solid improvements that have taken place in that city during the past few months. He has his goods shipped to Raufurly on the C. N. R. about fourteen miles from his store.

The town of Raufurly although the lots have not been put on the market yet, can boast of having a lumber yard and hardware store. There are a number of buildings to be put up, as soon as the lots are sold.

The settlers are waiting for an elevator. It would pay the C. N. R. or some enterprising firm to build an elevator at Raufurly. There are thousands of bushels of grain in the granaries of settlers, which they would gladly sell any day if there was an elevator there. The country to the south and west of this town for a long distance will produce grain equal to any part of Alberta.

We have had most delightful weather all through December and January so far, bright and sunny, almost without any change.

James Hennessey who was in the hospital in Edmonton for several weeks is home again looking the very picture of good health.

Rev. W. L. Bradley and J. A. MacDougall were guests of Mrs. B. C. Gilpin on New Year's day.

C. H. McLaughlin east of Gilpin left Vegreville last Monday with a large load of produce, principally butter and eggs for Lloydminster and the Barr colony where he expects to dispose of it at good prices.

BETTER PROTECTION DEMANDED
Chicago, Jan. 17.—Protests loud and instant came from Chicago pulpits yesterday against the lawless conditions which were held responsible for the death of Mrs. Franklin Hollister. This crime, added to the killing of three other women within a few months has roused the ministers and congregations to demand that better protection be given by the police to women.

THE LAND SLIDE UNEXPECTED
Toronto, Jan. 17.—(May say that I am hardly surprised at the certain defeat of the Balfour Government, but the complete landslide is very notable. Free trade was apparently the main issue. Balfour having lost his seat in Parliament, Chamberlain will probably be the next Unionist or Conservative leader. The Labor party seem to be gaining strength and will certainly be an important factor in English politics in the future."

Such were the views expressed by Goldwin Smith in a statement, today on the results of the British elections.

HOCKEY

The Thistle forwards exhibited bet-
ter combination in the game of Tues-
day night, but there is still a good
deal of individual playing. But there
is no question about it that the This-
tles now have a winning team. The
next game will be played to-night,
and the Thistles have decided that
it will be the last game of the Pe-
derson Cup series. Which means that
as this will be the fourth game it
will be the third victory for Edmon-
ton, and the silverware will come a-
cross to this side of the river for the
second time, the Thistles having won
the cup in 1904.

But the Strathconas are not go-
ing to let the cup get away in any
disheartened sort of way. They are
coming across here to-night to give
the Thistles about the liveliest hour
they have yet had, and if they have
to die they will die fighting. The
game will probably be the best of
the season, it will be hockey from
start to finish.

After the game in Strathcona Tues-
day evening the young ladies of
Strathcona served coffee and cake to
the Thistles and officials of the club,
in the waiting room. This
is the first affair of the kind that
has happened this season, and the
young ladies of the sister city are to
be praised for their thoughtfulness.

CURLING

Only one game was played Tuesday
evening in the cup draw, the other
two going by default to the rinks
skipped by J. E. Wise and A. E.
Moore.
Following were the rinks that
played:—
L. Howard, W. Travers,
J. A. McLean, R. C. Race,
W. G. Williamson, Fred Ross,
D. Galbraith, R. Hardisty,
Skip 15 Skip 9

Several rinks from points on the C.
N. R. are expected to arrive in the
city on Saturday to take part in the
bonspeil, which commences on Monday
evening, at the Thistle rink.

One game was played last night and
resulted as follows:
J. Willis,
W. LeMaistre,
D. S. McKenzie,
St. Geo. Jelliff, skip, 13.
J. Sommerville,
C. E. Morris,
W. Ramsay,
H. Campbell, skip, 8.
The games for tonight are:
Bellamy vs. Moore, McDonald vs.
Kinnaird, Goode vs. Galbraith.
For Friday night:
Carmichael vs. Galbraith, Ibbotson
vs. Matz, Kinnaird vs. Goode.

FARMER'S MARKET

The snow fall of the past two days
has had the tendency to hasten de-
liveries in the farmer's market and
grain has been coming in rapidly today

are unaltered although hay has taken
a slight rise.

Wheat is quoted by the Alberta
Milling Co. and the Edmonton Milling
company at 65 cents for No. 1 north-
ern, 62 cents for No. 2 northern and
58 for No. 3 northern.
The Dowling Milling Co. puts the
price of No. 1 at 63 cents and the
price of No. 2 at 60c.

—At the Nesbitt sales in London last
season there were 950 silver fox skins

On the market the silver fox and the
black fox are one and the same, the
difference being merely a matter of
shade. Had it not been for the bear
movements in the fur markets
caused by the Russian war, the two
furs brought in on Tuesday would sell
readily in London for \$1600.

CHOSE BOARD OF MANAGERS
Under very favorable circumstances
the congregation of Queen's Avenue
Presbyterian church entered upon or-
ganized work, Tuesday evening,
when the first election of a board
of managers and of Session was held.
Dr. Forth presided with R. S. Robert-
son, Secretary.

The report of the building commit-
tee was presented showing the total
cost to be \$7,550.30. To offset this a-
mount something like \$3,200 had been
received in cash from various sources.
The committee, of which Mr. McLaren
was chairman, received a hearty
expression of appreciation from the
meeting in regard to the work it had
performed.

The board of managers was elected
consisting of Messrs. W. E. Wilson
and C. Anderson for 3 years, Dr.
Forth and W. S. Robertson for 2
years, R. Williamson and J. D. Gillis
for one year.

The new session will consist of six
members viz: H. McKay, Dr. Forth,
C. Anderson, A. R. Groff, J. D. Gillis
W. E. Wilson, over which the pastor
Rev. M. Reddie will preside.

Messrs Campbell, Gillis, Bradley and
Young were appointed ushers. A
reception committee was also formed
for the purpose of greeting strangers
on coming to the church at hours of
service. Votes of thanks were ten-
dered the Ladies Aid of First Pres-
byterian church for their generous
contribution to the building fund,
also to the members of that church
generally for their liberal support in
connection with the new building.

One of the new members of the
new session is Mr. Hugh McKay,
who is one of Edmonton's oldest
residents, and was the first Pres-
byterian to be enrolled here in the
earlier days.

Queen's Avenue congregation are
now well equipped having a very
bright and comfortable meeting place
an energetic pastor and an efficient
staff of officials. The near future
will doubtless see the congregation
steadily increasing in numbers and
in good works.

BOARD OF TRADE EXCURSION

Full particulars with regard to the
Canadian Northern excursion which is
to carry the party of business men
and shippers of Edmonton to Winnipeg,
have been received here by the local C.
N. R. officials and the secretary of the
board of trade.

The excursion is not under the aus-
pices of the board of trade but is pre-
sented as an invitation affair, on the part
of the Canadian Northern, the president
of the board acting as intermediary
for the railway company only to the
extent of distributing invitations.

The invitation is extended to the
members of the Government and ninety
shippers and business men of Ed-
monton and Strathcona, of whom 65
will be Edmontonians.

The invitations will not necessarily
be limited to members of the board,
although practically all shippers in the
city belong to that body. Those to
whom invitations are issued are re-
quested to answer at once, and the
places of those who are unable to ac-
cept the opportunity to visit the prairie
capital will be taken by others who
can.

The train will leave the C. N. R.
depot at 7 o'clock on Saturday eve-
ning, the 27th and will make a fast
run to Winnipeg with as few inter-
mediate stops as possible. The sched-
ule has not been made up yet, so it
is not known what time the train will
reach Winnipeg, nor what time it will
leave on the return.

The train will be of solid Pullmans
with buffet car attached, and ample
accommodations will be furnished for
the entire party.

WILL CONTINUE WORK

Winnipeg, Jan. 15.—The executive
of the Western Canada Immigration
Association voted this afternoon to
continue the association's work for
two years more. From the report of
Secretary Knapp, there appeared to
be little difficulty in raising necessary
money to continue the work.

Annual meeting of the association
will be held on February 11th. Low
railway rates for bonspiel prevail at
that time.

According to Mr. Knapp's re-
port, the present year will be the
best for immigration and investment
points of view in Western Canada's
annals, but he pointed out that a
dozen immigration associations and
bureaus had been organized in differ-
ent states of the south and west with
a view of getting a share of the move-
ment directed towards Western Can-
ada.

The work is not confined to the U.
S. for the British Isles has been invad-
ed to secure a certain sort of agri-
cultural population by these associa-
tions.

TENDERS

Tenders will be received by the un-
dersigned up to the 23rd day of

ton.

one of which is double.

terest at eight per cent.
